## About This Game

### Strategic Choice

Mythgard is a collectible card game of boundless depth and infinite strategy. Experience a unique game with fast and fluid tactical action. Use spells, minions, enchantments, and artifacts to vanquish your opponents. Every play could mark the difference between victory and defeat. Your deck is not restricted to a single class or faction, opening a world of limitless possibility.

### A World of Myth Made Real

Gods of ancient legend walk the modern world in Mythgard. Many of the greatest deities have not been seen in millenia, but creatures of myth still rival jets for control of the skies. Mortals now rise to contest with these ancient beings. In Mythgard, players harness both the edge of technology and the magic of myth as they battle for dominance over the powers of an earlier age.

### A Battlefield Like No Other

Place your minions and enchantments strategically on Mythgard's unique battle board. Create mighty artifacts that alter the fundamental rules of the game. Cast powerful spells to open gaps in your adversary's defenses and charge as the tide of battle shifts in your favor.
